The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

The District has no employees and all administrative functions are contracted.

Revenues

Property Taxes

Property taxes are levied by the District’s Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer’s election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurers, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurers to all taxing entities within the Counties. The budget assumes that the District’s share will be equal to approximately 5% of the property taxes collected by Denver County.

Revenues (Continued)

Net Investment Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately .1%.

District Cooperation Agreement Revenue

On September 20, 2017, the Districts entered into an IGA with Denver Urban Renewal Authority ("DURA"), whereby DURA has agreed to remit during the TIF Period to District No. 1 all revenues generated from the imposition of ad valorem property taxes by the Districts on the incremental assessed valuation of property of the Districts. The District and District No. 1 entered into a Capital Pledge Agreement pursuant to which District No. 1 will transfer all of the Pass-Through Tax Revenues and the 2019B Pass Through Tax Revenues to the District. Accordingly, during the TIF Period, the District receives its Pass-Through Tax Revenue and 2019B Pass Through Tax Revenue from District No. 1 and not from DURA or the County Treasurer.

Expenditures

Administrative and Operating Expenditures

Operating and administrative expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, management, accounting, insurance and meeting expense. Estimated expenditures related to street repairs and maintenance, street lights, street sweeping, landscaping, mowing, parks and open space maintenance, utilities and snow removal were also included the General Fund budget.

County Treasurer's Fees

County Treasurer's fees have been computed at 1% of property tax collections by Denver County.

Debt Service

Principal and interest payments are provided based on the debt amortization schedule from the Series 2019A Bonds (discussed under Debt and Leases).

Transfers to District No. 1

The District is obligated to impose mill levies which will be sufficient to promptly and fully pay amounts to District No. 1. The District is required to remit property taxes derived from such mill levies, together with specific ownership taxes applicable to property within the District less County Treasurer Fees, to District No. 1. The District anticipates transferring funds to District No. 1, as shown in the General Fund budget for operations and Capital Projects fund for the proposed infrastructure to be built by District No. 1.

Debt and Leases

In April 2019, the District issued \$45,800,000 in Series 2019A General Obligation (Limited Tax Convertible to Unlimited Tax) Bonds and \$8,151,856 in Series 2020B Subordinate (Convertible to Senior) Capital Appreciation (Convertible to Current Interest) Limited Tax (Convertible to Unlimited Tax) General Obligation Bonds. The Bonds shall constitute limited tax general obligations of the District secured by and payable from the pledged revenues.

Reserves

Emergency Reserves

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of fiscal year spending. Since majority of all funds received by the District are transferred to District No. 1, which pays for all Districts' operations and maintenance costs, an emergency reserve is not reflected in the District's 2022 Budget.

SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District, a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the District Court for the City and County of Denver on May 12, 2006, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District was formed in conjunction with Broadway Station Metropolitan District No. 1 (“District No. 1”) and Broadway Station Metropolitan District No. 2 (“District No. 2” and together with the District and District No. 1, the “Districts”), for the purpose of providing certain public improvements and services to and for the benefit of the properties within the Districts. The District’s service area is located in the City and County of Denver (City).

The District was established to provide financing for the design, acquisition, installation, construction and completion of public improvements and services, including water, sanitation, street, safety protection, park and recreation, transportation, television relay and translation and mosquito control improvements and services.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget.
